(1/4" ID airline at 3-4cfm/100psi)

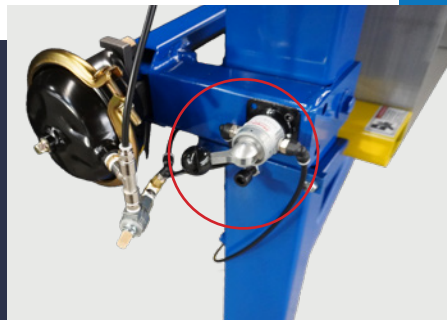

MEASUREMENTS: 84" L x 32" D x 64" H

- A** 12" Deep Aluminum Plates
- B** Pneumatic Foot Pedal (Momentary)
- C** Pneumatic Lever with Detent (Hold)
- D** 1/2" thick grey Formica melamine provides a durable flat work surface

Quick Changeovers

With the easy-to-use handle system from JLT, quickly change between drawer box sizes, saving time and effort.

Allow Your Glue to Set

The JLT Drawer Box Clamp includes a pneumatic lever valve that allows the operator to lock air pressure, holding the parts square while the glue sets.

Safety Control Box

JLT offers a pneumatic 2-hand anti-tiedown box (p/n 79-1759) for hands-free operation. It can be added as an optional accessory when purchasing a new drawer clamp or retrofitted to an existing one.
